DURABLE POUCH LAMINATORS

All models shown include the following features:

1. Metal case construction, black only.
2. Fan cooled outlet table, positioned to prevent "lost" cards.
3. Finned heat sink for additional cooling.
4. Illuminated power switches serve as a reminder and warning.
5. Illuminated ready signal.
6. Brushless gear motor for long trouble free life.
7. All electrical components are mounted to grounded chassis.
8. Carrier is not required to laminate 3/2 - 3/2 or thicker pouches.
9. Molded silicone rollers withstand elevated temperatures.
10. Porous bronze bearings are permanently lubricated.
11. Built in thermometer is standard.

Machines carry a five year factory warranty against defects or wear out.

Machines are UL listed and CSA approved. 230 volt machines are available with TUV Rheinland certification.

Quality Made in the U.S.A.
